PANEL DESCRIPTIONS

Panel 1 — Water, Energy, Reuse: Energy efficiency improvement, network digitalisation and wastewater valorisation: the technologies redesigning the Italian water system

Panel 2 — Solidarity-based and Multifunctional Infrastructure: From Italy's inland areas to territories around the world where water is still a conquest: infrastructure as an act of solidarity and security

Panel 3 — Research, Cooperation and Euro-Mediterranean Growth: Research bodies, European agricultural associations and euro-Mediterranean institutions discuss the future of water resource management.
